Gambler Shot and Killed.

Muskogee, Okla., Nov. 7.—"Tex" Scott, a gambler, was shot and killed while sitting at a card table over Jackson's pool hall at Warner, 20 miles southwest of Muskogee, by Jesse Harman, a Cherokee farmer boy. The boy drew a pistol and shot Scott twice. He walked out of the building, mounted his horse and rode off. A posse pursuing him.

Tariff Revision after March 4.

Washington, Nov. 7.—Representative Sereno F. Payne of New York, chairman of the ways and means committee of the house, had a long talk today on the tariff question. Payne declared tariff revision would not be taken up at this coming session of congress, but an extra session for this purpose would be called the date depending entirely upon the wishes of Taft but probably about March, 15.

PROSPERITY IS HERE

New York, Nov. 7.—The World to-morrow morning will say:

One million men are marching briskly forward to reopened factories freshly whirling looms and spindles and to shops where clanging forges are making strange noises.

From every section of the United States the whistles of the shops and factories are shrieking a noising welcome to the battalions of employees who are confidently responding to the call for more help to man the plants which have been entirely closed or practically out of commission, pending the result of the National election.

In each quarter of the Nation smoke pours from the chimneys of establishments which have been working reduced forces of men at half-time. Rush orders for additional equipment have poured into the offices of machinery builders in volume sufficient to swamp them, and creating at once a tremendous demand for additional employees.

All along the line the word has been passed that prosperity has arrived, and, like a giant, the business and manufacturing interests have roused from the pre-election lethargy, and, shaking off the shackles of uncertainty and distrust of radical changes in economic conditions, have ordered the fires rekindled and the forces doubled.

Every barometer of trade has utterly changed within the week. The first news from the poles sent the glass to the fair weather mark, and, within a week, business conditions, from coast to coast, have become wonderfully settled.

From the financial headquarters the signal has been flashed to construction firms to hurry the building of delayed railroad lines. Contracts involving the expenditure of huge sums for equipment and labor, and which contained clauses conditioned upon the election result, have been put into effect by telegram. In the manufacturing centers of the East and West, the North and the South, the full strength of the labor army is practically called into action. Not an industrial capital but which was signalled the magic slogan, "get busy."

Oil Company's Taxes.

Tulsa, Ok., Nov. 8.—As determined by the State Board of Equalization, the Prairie Oil and Gas Company will pay in taxes into the coffers of Tulsa County \$54,489.39. Of the portion of this tax set aside for school purposes in the county, Jenks Township will receive \$13,000, as in that township is located the Prairie Oil and Gas Company's great tank farm. The Jenks School District is the richest in all the United States, there being a 35,000 barrel steel tank of oil for every child of school age in the district.

Haskell-Hearst Suit.

Omaha, Neb., Nov. 7.—The petition of William R. Hearst for transfer of the \$600,000 damage suit of Governor Haskell of Oklahoma, against him the federal court, was granted by Judge Estell, of the district court of Douglas County, last night and the papers were filed today with the clerk of the United States circuit court.

We have sold goods in Ada six years, but we don't ask you to trade with us for the reason we do business in Ada or because we are friends. Neither do we send you prices and descriptions and insist on you sending us the money without personal inspection of our goods, as catalogue houses do, but ask for your trade on the broad ground of good, reliable goods, sold at fair prices and easy terms, with the fact made prominent that we carry a good reliable stock.

We call special attention to our Rockers shipped direct from the factory; no middle man's profit. They are selling fast. Six Upholster Rockers went out Friday and Saturday. We placed rush orders today to supply the demand. When you are in our store, ask to see our Iron Beds, especially a Vernis Martin, two inch post for \$16.00. We solicit your inspection of our stock.

A good step toward a cleaner Durant is trash barrels about the home and business houses. Have you one at your door?—Durant News

These trash barrels ought to be used in all towns and cities where there is no regular street cleaning force. Let it be tried in Ada, or at least enforced, if there is already an ordinance to that effect.

The Milburn News has suspended and editor Bland has moved his family to Ada, having accepted a position with the Ada News. Mr. Bland is a good newspaperman and we are glad that he is still to remain in this territory.—Ravina Herald.

The Milburn News has been leased to W. P. Lynch, and its publication continued. The Ada News is glad to have Mr. Bland associated with this paper, as he is all and more than the Ravina Herald states that he is.

The news from all parts of the country tell of the unemployed returning to work, idle factories and mills resuming operation, while a general air of prosperity is apparent everywhere. It is to be trusted these reports are true and that the improvement in all lines of business will prove a reality and continue. As we have to stand a republican victory we are entitled to the prosperity promised, so let it come and remain with us.

The greatest man in all this country today, the one who towers head and shoulders above all others in public life is, though defeated for the third time, W. J. Bryan. His purity of life both public and private, his lofty principles and honesty of purpose, coupled with the strongest intellect now before the American people, make him even in the face of his third defeat, the greatest man on the continent today. We admire him more today than ever.—Pauls Valley Enterprise.

This is well and truly said. The opposition has also paid many compliments to Mr. Bryan since his defeat, and especially the philosophical manner in which he accepted the verdict of the people. The name of Wm. J. Bryan will long live in the annals of history as one of the ablest and purest men of our country.

PRESS COMMENT.

It is results we want. If the Republicans can unravel the tangle and restore the prosperity they have destroyed that's what we want. But the theory that a man can undo what he has done, does not apply to a political party and its evil doings.—Holdenville Times.

Doing any fall plowing? You ought to. If next year you don't have a good corn crop don't blame the seasons—blame your lack of fall plowing. You can't expect to get something for nothing out of the ground any more than you can expect it in any other line of endeavor. Plow now, and you will not be so uneasy about your spring plowing.—Caddo Herald.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

IMPORTANT MURDER CASE.

The case of the State vs. Jim Sterrett, charged with murder for killing Lee Cahoon, twelve miles west of Ada, last year, is to come up for trial this evening or tomorrow, in Pontotoc District Court.

The attorneys for the defense are Huffer & Roddie, Stone & Maxey, of this city and Senator Clint Graham, of Ardmore. The prosecution is represented by County Attorney Wimbley. The killing was the result of a trouble over renting land, as Cahoon the deceased was a tenant of Ben Sterrett.

Death of Mrs. Geo. Frierson's Father.

Col. J. M. Wright of Gainesville, Texas, father of Mrs. Geo. A. Frierson of Ada, died Sunday at 7 a. m. He had been ill for sometime and the sad prospect had already taken vision that he could not live long, but his family did not dream that he would die so suddenly, dropping dead from evidently standing posture with, apparently, heart failure.

The immediate sorrow of the people of Ada for the death of this ex-soldier and respected judge is on account of the universal local esteem held by all for his daughter, Mrs. Frierson.

Col. Wright is survived by a wife and two children, the other than the one mentioned, being Clinton Wright, all of whom were with him when he departed.

The News extends its entire sympathy.

The Only Authorized Version.

The ingenious unfolding of the story of the "Two Orphans" by many regarded as the most appalling story ever told in play form has been absorbing the attention of the theater-goers for a quarter of a century, but the great play still holds its place among the most popular dramas of the day. It is welcome every season, and it is especially pleasing to learn that the production to be seen at the Airdome, Wednesday, Nov. 11th, is made with the only authorized Kate Claxton version. This alone gives the right and complete impression of the true greatness of this drama. In securing Miss Claxton's version, just as she developed it to perfection with her genius and years of experience, Mr. Conrad, the manager of the company which is to appear, laid the foundation for deserved success. At the Airdome, Wednesday, Nov. 11.

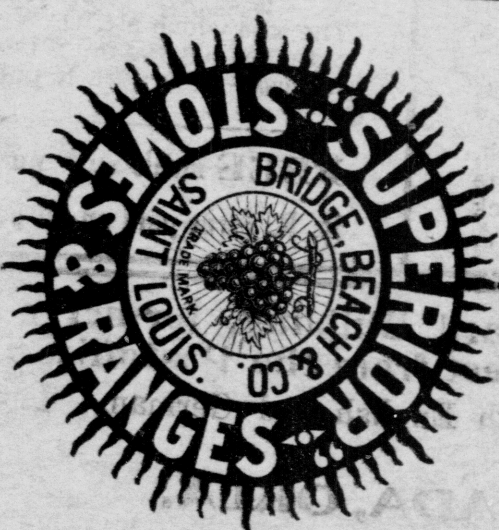

Judge Picking Up.

Not that Judge West looks so poorly now, but that he used to look so rosy and strong that caused his Pontotoc constituency to view him so alarmingly when he made his appearance at the beginning of this court term. But it is a revelation the way he is picking up. You can almost see him filling out and growing roses. Ahoy Harris Hotel, ahoy Ada's pure water and 1100 feet of altitude.

Has Been Unusually Successful.

The coming of Fred G. Conrad's production of the "Two Orphans" will be awaited with interest. It will be the attraction at the Opera House, Wednesday, Nov. 11th.

The continued success of this play is due to its substantial merits and Manager Conrad has made sure of getting all of them by securing the only original Kate Claxton version. For this he is to be congratulated, since the temptation is strong to economize by using some garbled adaption which hides the true greatness of this masterpiece. Mr. Conrad seems to have been unusually strong and with the proper equipment of scenery which he promises, the engagement here should add to his reputation as a producer who can be trusted to offer something excellent. At Ada Opera House, Wednesday night.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop's first pointed out this error. "Go to the weak of ailing nerves of those organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by G. M. Ramsey. 291mo

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 16th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder, and corrected that too frequent action of

the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

Gambler Shot and Killed.

Muskogee Okla., Nov 7.—Tex Scott, a gambler, was shot and killed while sitting at a card table over Jackson's pool hall at Warner, 20 miles southwest of Muskogee by Jesse Harman, a Cherokee farmer boy. The boy drew a pistol and shot Scott twice. He walked out of the building, mounted his horse and rode off. A posse pursuing him.

Tariff Revision after March 4.

Washington, Nov 7.—Representative Sereno T. Payne of New York, chairman of the ways and means committee of the house, had a long talk today on the tariff question. Payne declared tariff revision would not be taken up at this coming session of congress, but an extra session for this purpose would be called the date depending entirely upon the wishes of Taft but probably about March, 15.

PROSPERITY IS HERE

New York, Nov 7.—The World tomorrow morning will say:

One million men are marching briskly forward to reopened factories, freshly whirring looms and spindles and to shops where clanging forges are making strange noises.

From every section of the United States the whistles of the shops and factories are shrieking a noising welcome to the battalions of employees who are confidently responding to the call for more help to man the plants which have been entirely closed or practically out of commission pending the result of the National election.

In each quarter of the Nation smoke pours from the chimneys of establishments which have been working reduced forces of men at half-time. Rush orders for additional equipment have poured into the offices of machinery builders in volume sufficient to swamp them, and creating at once a tremendous demand for additional employees.

All along the line the word has been passed that prosperity has arrived and, like a giant, the business and manufacturing interests have roused from the pre-election lethargy and shaking off the shackles of uncertainty and distrust of radical changes in economic conditions have ordered the fires rekindled and the forces doubled.

Every barometer of trade has utterly changed within the week. The first news from the poles sent the glass to the fair weather mark and within a week business conditions, from coast to coast have become wonderfully settled.

From the financial headquarters the signal has been flashed to construction firms to hurry the building of delayed railroad lines. Contracts involving the expenditure of huge sums for equipment and labor, and which contained clauses conditioned upon the election result have been put into effect by telegram. In the manufacturing centers of the East and West the North and the South, the full strength of the labor army is practically called into action. Not an industrial capital but which was signalled the magic slogan, "get busy."

Oil Company's Taxes.

Tulsa Ok., Nov 8.—As determined by the State Board of Equalization, the Prairie Oil and Gas Company will pay in taxes into the coffers of Tulsa County \$34,489.39. Of the portion of this tax set aside for school purposes in the county, Jenks Township will receive \$13,000, as in that township is located the Prairie Oil and Gas Company's great tank farm. The Jenks School District is the richest in all the United States, there being a 35,000 barrel steel tank of oil for every child of school age in the district.

Haskell-Hearst Suit.

Omaha Neb., Nov 7.—The petition of William R. Hearst for transfer of the \$600,000 damage suit of Governor Haskell of Oklahoma, against him the federal court, was granted by Judge Estell of the district court of Douglas County, last night and the papers were filed today with the clerk of the United States circuit court.

The news from all parts of the country tell of the unemployed returning to work, idle factories and mills resuming operation while a general air of prosperity is apparent everywhere. It is to be trusted these reports are true and that the improvement in all lines of business will prove a reality and continue. As we have to stand a republican victory we are entitled to the prosperity promised so let it come and remain with us.

The greatest man in all this country today, the one who towers head and shoulders above all others in public life is though defeated for the third time W. J. Bryan. His purity of life both public and private, his lofty principles and honesty of purpose coupled with the strongest intellect now before the American people make him even in the face of his third defeat the greatest man on the continent today. We admire him more today than ever.—Pauls Valley Enterprise

This is well and truly said. The opposition has also paid many compliments to Mr. Bryan since his defeat and especially the philosophical manner in which he accepted the verdict of the people. The name of Wm. J. Bryan will long live in the annals of history as one of the ablest and purest men of our country.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh of the Bladder. This is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

IMPORTANT MURDER CASE.

The case of the State vs Jim Sterrett charged with murder for killing Lee Cahoon twelve miles west of Ada last year is to come up for trial this evening or tomorrow in Pontotoc District Court.

The attorneys for the defense are Huffer & Roddie Stone & Maxey of this city and Senator Clint Graham of Ardmore. The prosecution is represented by County Attorney Wimbush. The killing was the result of trouble over renting land as Cahoon the deceased was a tenant of Ben Sterrett.

Death of Mrs. Geo. Frierson's Father.

Col J M Wright of Gainesville Texas father of Mrs Geo A Frierson of Ada died Sunday at 7 a m. He had been ill for some time and the sad prospect had already taken vision that he could not live long but his family did not dream that he would die so suddenly dropping dead from evidently standing posture with apparently heart failure.

The immediate sorrow of the people of Ada for the death of this ex-soldier and respected judge is on account of the universal local esteem held by all for his daughter Mrs Frierson.

Col Wright is survived by a wife and two children the other than the one mentioned being Clinton Wright all of whom were with him when he departed.

The News extends its entire sympathy.

The Only Authorized Version.

The ingenious unfolding of the story of the Two Orphans by many regarded as the most appalling story ever told in play form has been absorbing the attention of the stage-goers for a quarter of a century but the great play still holds its place among the most popular dramas of the day. It is welcome every season and it is especially pleasing to learn that the production to be seen at the Air Dome Wednesday Nov 11th, is made with the only authorized Kate Claxton version. This alone gives the right and complete impression of the true greatness of this drama. In securing Miss Claxton's version just as she developed it to perfection with her genius and years of experience, Mr Conrad, the manager of the company which is to appear, laid the foundation for deserved success at the Air Dome, Wednesday, Nov 11.

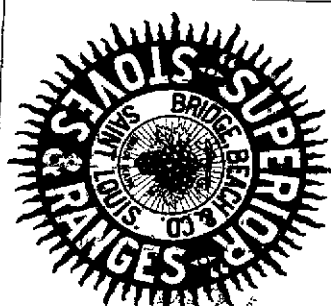

Judge Picking Up.

Not that Judge West looks so poorly now but that he used to look so rosy and strong that caused his Pontotoc constituency to view him so alarmingly when he made his appearance at the beginning of this court term. But it is a revelation the way he is picking up. You can almost see him filling out and growing roses. Ahoy Harris Hotel ahoy Adas pure water and 1100 feet of altitude.

Has Been Unusually Successful.

The coming of Fred G Conrad's production of the Two Orphans will be awaited with interest. It will be the attraction at the Opera House Wednesday Nov 11th.

The continued success of this play is due to its substantial merits and Manager Conrad has made sure of getting all of them by securing the only original Kate Claxton version. For this he is to be congratulated since the temptation is strong to economize by using some garbled adaption which hides the true greatness of this masterpiece. Mr Conrad seems to have been unusually strong and with the proper equipment of scenery which he promises the engagement here should add to his reputation as a producer who can be trusted to offer something excellent. At Ada Opera House Wednesday night.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr Shoop's first pointed out this error. Go to the weak of ailing nerves of those organs," said he. WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily when un healthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine etc. But if you keep the filters right you will have no trouble with your kidneys.

W Y Littlefield living on W 16th street Ada Okla says: "I procured Doans Kidney Pills at G M Ramsey's drug store and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doans Kidney Pills not only relieved the distressing symptoms of kidney disorder and corrected that too frequent action of

the kidney secretions but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doans Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

Gambler Shot and Killed.
 Muskogee, Okla., Nov. 7.—"Tex" Scott, a gambler, was shot and killed while sitting at a card table over Jackson's pool hall at Warner, 20 miles southwest of Muskogee, by Jesse Harman, a Cherokee farmer boy. The boy drew a pistol and shot Scott twice. He walked out of the building, mounted his horse and rode off. A posse pursuing him.

Tariff Revision after March 4.
 Washington, Nov. 7.—Representative Sereno F. Payne of New York, chairman of the ways and means committee of the house, had a long talk today on the tariff question. Payne declared tariff revision would not be taken up at this coming session of congress, but an extra session for this purpose would be called the date depending entirely upon the wishes of Taft but probably about March, 15.

PROSPERITY IS HERE

New York, Nov. 7.—The World tomorrow morning will say:

One million men are marching briskly forward to reopened factories freshly whirling looms and spindles and to shops where clanging forges are making strange noises.

From every section of the United States the whistles of the shops and factories are shrieking a noising welcome to the battalions of employees who are confidently responding to the call for more help to man the plants which have been entirely closed or practically out of commission, pending the result of the National election.

In each quarter of the Nation smoke pours from the chimneys of establishments which have been working reduced forces of men at half-time. Rush orders for additional equipment have poured into the offices of machinery builders in volume sufficient to swamp them, and creating at once a tremendous demand for additional employees.

All along the line the word has been passed that prosperity has arrived, and, like a giant, the business and manufacturing interests have roused from the pre-election lethargy, and, shaking off the shackles of uncertainty and distrust of radical changes in economic conditions, have ordered the fires rekindled and the forces doubled.

Every barometer of trade has utterly changed within the week. The first news from the poles sent the glass to the fair weather mark, and, within a week, business conditions, from coast to coast, have become wonderfully settled.

From the financial headquarters the signal has been flashed to construction firms to hurry the building of delayed railroad lines. Contracts involving the expenditure of huge sums for equipment and labor, and which contained clauses conditioned upon the election result, have been put into effect by telegram. In the manufacturing centers of the East and West, the North and the South, the full strength of the labor army is practically called into action. Not an industrial capital but which was signalled the magic slogan, "get busy."

Oil Company's Taxes.

Tulsa, Ok., Nov. 8.—As determined by the State Board of Equalization, the Prairie Oil and Gas Company will pay in taxes into the coffers of Tulsa County \$54,489.89. Of the portion of this tax set aside for school purposes in the county, Jenks Township will receive \$13,000, as in that township is located the Prairie Oil and Gas Company's great tank farm. The Jenks School District is the richest in all the United States, there being a 35,000 barrel steel tank of oil for every child of school age in the district.

Haskell-Hearst Suit.

Omaha, Neb., Nov. 7.—The petition of William R. Hearst for transfer of the \$600,000 damage suit of Governor Haskell of Oklahoma, against him the federal court, was granted by Judge Estell, of the district court of Douglas County, last night and the papers were filed today with the clerk of the United States circuit court.

No Clue discovered.

Oklahoma City, Nov. 7.—And yet And yet the perpetrators of the robbery of the state repository of confiscated liquors on West Second street have not been apprehended. Itors enter the house through a broken-locked door, purloin a couple of wagon loads of intoxicants and

drive away that the enforcement officers have been unable to locate even a clue.

We have sold goods in Ada six years, but we don't ask you to trade with us for the reason we do business in Ada or because we are friends. Neither do we send you prices and descriptions and insist on you sending us the money without personal inspection of our goods, as catalogue houses do, but ask for your trade on the broad ground of good, reliable goods, sold at fair prices and easy terms, with the fact made prominent that we carry a good reliable stock.

We call special attention to our Rockers shipped direct from the factory; no middle man's profit. They are selling fast. Six Upholster Rockers went out Friday and Saturday. We placed rush orders today to supply the demand. When you are in our store, ask to see our Iron Beds, especially a Vernis Martin, two inch post for \$16.00. We solicit your inspection of our stock.

A good step toward a cleaner Durant is trash barrels about the home and business houses. Have you one at your door?—Durant News

These trash barrels ought to be used in all towns and cities where there is no regular street cleaning force. Let it be tried in Ada or at least enforced if there is already an ordinance to that effect.

The Milburn News has suspended and editor Bland has moved his family to Ada having accepted a position with the Ada News. Mr Bland is a good newspaperman and we are glad that he is still to remain in this territory.—Ravina Herald

The Milburn News has been leased to W P Lynch and its publication continued. The Ada News is glad to have Mr Bland associated with this paper as he is all and more than the Ravina Herald states that he is.

The news from all parts of the country tell of the unemployed returning to work idle factories and mills resuming operation while a general air of prosperity is apparent everywhere. It is to be trusted these reports are true and that the improvement in all lines of business will prove a reality and continue. As we have to stand a republican victory we are entitled to the prosperity promised so let it come and remain with us.

The greatest man in all this country today the one who towers head and shoulders above all others in public life is thought defeated for the third time W J Bryan. His purity of life both public and private his lofty principles and honesty of purpose coupled with the strongest intellect now before the American people make him even in the face of his third defeat the greatest man on the continent today. We admire him more today than ever.—Pauls Valley Enterprise

This is well and truly said. The opposition has also paid many compliments to Mr Bryan since his defeat and especially the philosophical manner in which he accepted the verdict of the people. The name of Wm J Bryan will long live in the annals of history as one of the ablest and purest men of our country.

PRESS COMMENT.

It is results we want. If the Republicans can unravel the tangle and restore the prosperity they have destroyed that's what we want. But the theory that a man can undo what he has done, does not apply to a political party and its evil doings.—Holdenville Times

Doing any fall plowing? You ought to. If next year you don't have a good corn crop don't blame the seasons—blame your lack of fall plowing. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. IMPORTANT MURDER CASE.

The case of the State vs Jim Sterrett charged with murder for killing Lee Cahoon twelve miles west of Ada last year is to come up for trial this evening or tomorrow in Pontotoc District Court.

The attorneys for the defense are Huff and Roddie Stone & Maxey of this city and Senator Clint Graham of Ardmore. The prosecution is represented by County Attorney Wimbley. The killing was the result of a row over renting land as Cahoon the deceased was a tenant of Ben Sterrett.

Death of Mrs. Geo. Frierson's Father.

Col J M Wright of Gainesville Texas father of Mrs Geo A Frierson of Ada died Sunday at 7 a m. He had been ill for some time and the sad prospect had already taken vision that he could not live long but his family did not dream that he would die so suddenly dropping dead from evidently standing posture with apparently heart failure.

The immediate sorrow of the people of Ada for the death of this ex-soldier and respected judge is on account of the universal local esteem held by all for his daughter Mrs Frierson.

Col Wright is survived by a wife and two children the other than the one mentioned being Clinton Wright all of whom were with him when he departed.

The News extends its entire sympathy.

The Only Authorized Version.

The ingenious unfolding of the story of the Two Orphans by many regarded as the most appalling story ever told in play form has been absorbing the attention of theaters for a quarter of a century but the great play still holds its place among the most popular dramas of the day. It is welcome every season and it is especially pleasing to learn that the production to be seen at the Air Dome Wednesday Nov 11th, is made with the only authorized Kate Claxton version. This alone gives the right and complete impression of the true greatness of this drama in securing Miss Claxton's version just as she developed it to perfection with her genius and years of experience. Mr Conrad, the manager of the company which is to appear, laid the foundation for deserved success at the Air Dome, Wednesday, Nov 11.

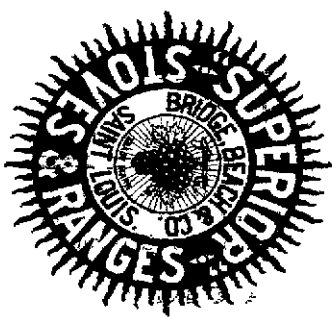

Judge Picking Up.

Not that Judge West looks so poorly now but that he used to look so rosy and strong that caused his Pontotoc constituency to view him so alarmingly when he made his appearance at the beginning of this court term. But it is a revelation the way he is picking up. You can almost see him filling out and growing roses. Ahoy Harris Hotel ahoy Adas pure water and 1100 feet of altitude.

Has Been Unusually Successful.

The coming of Fred G Conrad's production of the Two Orphans will be awaited with interest. It will be the attraction at the Opera House Wednesday Nov 11th.

The continued success of this play is due to its substantial merits and Manager Conrad has made sure of getting all of them by securing the only original Kate Claxton version. For this he is to be congratulated since the temptation is strong to economize by using some garbled adaption which hides the true greatness of this masterpiece. Mr Conrad seems to have been unusually strong and with the proper equipment of scenery which he promises the engagement here should add to his reputation as a producer who can be trusted to offer something excellent. It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr Shoop's first pointed out this error. Go to the weak of ailing nerves of those organs," said he. Each inside organ has its controlling or 'inside nerve'. When these nerves fail then those organs must surely fail. This vital truth is leading druggists everywhere to dispense and recommend Dr Shoop's Restorative. A few days test will surely tell! Sold by G M Ramsey 291mo

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine etc. But if you keep the filters right you will have no trouble with your kidneys.

W Y Littlefield living on W 16th street Ada Okla says I procured Doans Kidney Pills at G M Ramsey's drug store and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doans Kidney Pills not only relieved the distressing symptoms of kidney disorder and corrected that too frequent action of

the kidney secretions but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doans Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used.
